

I am now on Indiana's NO CALL list and we do not receive any annoying calls now. Before signing up, we received at least 5 calls per day, usually early in the morning or at mealtime, We DO NOT WANT THIS TO REOCCURE..... INDIANA IS WORKING FOR THE PEOPLE, NOT THE TELEMARKETER,S We can take care of our own business, we don,t need the Federal Government telling us we have to go back to the old way.....
